

FACULTY OF ECONOMICS AND BUSINESS

S1 - PROGRAM

ACCOUNTANCY

Program Description

The accountancy study program was established in 1992. Since 2000, the program has maintained an 'A' accreditation status from the National Accreditation Board. The department continuously strives to improve the quality of its graduates based on the needs of the dynamic business world. Since the academic year 2005/2006, the department has offered evening classes for high school/vocational school graduates and for graduates of the diploma program in Accountancy who want to pursue a bachelor's degree.

Curriculum

The curriculum is designed to produce graduates having communication and interpersonal skills as well as social and environmental awareness. The program offers four concentrations, which provide foundations to achieve competencies for the students' future professions:

- financial accountancy with a focus on the capital market,
- accountancy management with a focus on financial planning,
- information systems with a focus on system and analysis, and
- auditing with a focus on fraud and forensic audits

Alumnae

The alumnae are spread all over Indonesia and overseas. Most alumnae have entered the professional world as financial accountants, public accountants, management accountants, government accountants, system analysts, and auditors.

Teaching Staff

Teaching staff consists of professionals and academicians who have Masters and Ph.Ds.

Facilities

- Digital and Manual Laboratories
- Center for Accountancy Studies and Development (P3A)
- Student Assistants' Program
